A member of DFK International in Romania has been awarded the top honour for small accountancy firms by the country's professional body.

AccordServe Conta Srl based in Bucharest was recognised with the special award by CECCAR, the Body of Expert and Licensed Accountants of Romania.

Magdalena Zamfir, a partner at AccordServe Conta Srl, was presented with the accolade on behalf of the firm at CECCAR's AGM held on the national day to celebrate Romanian accountants.

AccordServe Conta Srl has been accredited by CECCAR since 2007. It operates alongside the audit firm DFK Romania Srl which is accredited by CAFR, the county's body of financial auditors.

Andreas Trapezaris, a partner at both firms, said: "This national award recognises the hard work and achievements of all of our employees.

"Our next step is to build on this success by continuing to deliver top service to our clients, and to grow the company so that it will hopefully progress into the next category and win the prize for medium size firms."

Andreas is also a member of the executive committee of the DFK Europe, Middle East and Africa region.

Martin Sharp, executive director of DFK International, said: "Congratulations to AccordServe Conta Srl for being honoured with such a prestigious award by the accountancy profession in Romania.

"Being recognised as the best in the category for small companies is testament to the achievements of the firm in meeting the needs of its clients."
